TO WHOM IT MAY CONCERN

I have great pleasure to certify that Zam Zam Bangladesh, an associate organization of Zam Zam (UK registered Charitable Trust) is rendering outstanding services to the poor and distressed people in Bangladesh. This organization is providing free education and primary health care services to orphans and underprivileged children in the country. The quality of their service is praise-worthy and Zam Zam services have helped in improving the life pattern of thousands of extremely poor and vulnerable persons.

It may be mentioned that recently the Chairman of PKSF and prominent Economist of Bangladesh Dr. Qazi Kholiquzzaman Ahmad along with the Managing Director of PKSF, Mr. Md. Abdul Karim visited the activities of Zam Zam Bangladesh. They found that the organization is genuinely contributing to impart health, education and training services to the poor population of Sylhet city and other places in Bangladesh. PKSF has provided the organization an amount of Taka 3.511 million for education, primary health care services and awareness program for the deprived children living in different slums of Sylhet city.

I wish Zam Zam Bangladesh every success in its endeavors.
